### For Immediate Release

March 23, 2015

## DRIPPING SPRINGS ISD INTRODUCES CUSTOM APP

DRIPPING SPRINGS, Texas—A new custom app has been designed for Dripping Springs ISD families and is now available. The app provides a quick connection to several of the most frequently sought pieces of information from the district website.

The following “launch page” has direct links to both iTunes and Google Play for easy and free download: <http://launch.customschoolapp.net/dsisd/>.

One important feature of the app is the ability to customize the News and Calendar functions based on what campuses one’s children attend. This can be done by clicking on the Settings button in the top right corner, then indicating what campuses are desired. District news and calendar items will default as a selection unless requested differently.

In addition, to **News** and **Calendar**, other icons on the main screen are: **Directory** of staff at all campuses and departments; **Family Access** link; **Payments** for cafeteria, district fees and Community Ed programs; **Athletics** with links to individual sports, **Fine Arts** to connect with Band/Colorguard, Theatre, Choir, Dance, and Visual Arts; **District** for a map and some basic links including those to DSISD social media sites; **Schools** for links to each campus; **Resources** that includes monthly newsletters, Student and Employee Handbooks, bus routes, and school supply lists; **Notifications** to receive time-sensitive alerts; and **Menus**.
