Three DSHS Students at State HOSA Competition

Three DSHS students were among 3,100 students statewide who qualified for and competed at the recent HOSA competition, which features events related to the healthcare profession.

Senior Insiya Aziz has qualified for international competition in the category Health Care Issues based on a finish among the top-10 percent of competitors. She also placed fourth in Extemporaneous Writing, which means she is an alternate for the international event.

Also competing at the State HOSE competition was Sydney Haley, who placed 10th in Pathophysiology, and Hailey Daniel, who competed in Health Care Issues.
