Transportation Notes/Checking Bus Schedules

Bus routes are available on the [DSISD Transportation website](#). Click on the link that says "Versatrans Bus Routes and Schedules Online." For those parents who checked bus routes prior to August 20, it is recommended that they check one more time as some routes have been modified due to additional riders. Also, please be aware that, because of heavier-than-normal traffic the first week of school, buses could run a few minutes late (especially secondary routes). Please do not have students leave the stop if the bus is not there at its exact scheduled time.
