**DATE:** July 18, 2016

### **District Email Could Get Caught in Spam Filters**

DSISD recently changed its email delivery system. While the change did not affect staff email addresses, emails from the district or campuses may be caught in spam filters unless parents take action to approve the sender. All large group emails from the school or district level will now have the sender listed as "noreply@dsisdtx.us."

A district-wide parent email on annual enrollment verification will be sent the evening of July 18, 2016. If this is not received in mailboxes, parents should check their system's spam filter, and allow messages from noreply@dsisdtx.us.
