DESTINATION IMAGINATION TEAM WINS STATE TITLE

The "Bomb Brains" from Dripping Springs High School – consisting of freshmen Bryan Blackmon, Coleman Chapman, Fiona de la Cruz, Jadon Putman, and Garrett Davis – placed first in the Team eXtreme division at the Destination Imagination State Championships April 7, 2018. At the competition, the team was given an hour to build devices to navigate an object through an obstacle course.

The Team eXtreme division is a Texas-only event so it is not held at the Destination Imagination World Championships.
