JULY BOARD MEETING SUMMARY

Project Manager Mike Garcia provided the July construction update. He shared percentages of completion for each area of both Sycamore Springs Elementary and Sycamore Springs Middle School, most of which are at or near 100 percent.

Approved action items included a resolution regarding DSISD as a District of Innovation, Policy Update 108, designation of trustee Shannon O'Connor as TASB convention delegate, renewal of some district insurance, and the 2017-18 hazardous routes.

Assistant Superintendent for Learning and Innovation Diane Flaim pointed out that new labels were used for STAAR reports this year. She also pointed out that it is difficult to compare scores to previous years' scores because of changes made to tests.
