SIGNING UP FOR WEBPAGE UPDATE ALERTS

At the bottom of the homepage, parents can click SIGN IN and use their Blackboard login/password they used to set their notification preferences during the enrollment verification process. You then may click on MY OPTIONS at bottom of page, then EDIT ACCOUNT SETTINGS. "MANAGE SUBSCRIPTIONS" provides choices to get news alerts either from a campus or on a certain topic. All schools are located under "Sites" and departments and other webpages are located under "Other Areas." You will be notified when updates are made to certain webpages. See attachment with instructions.
