

## COVID TESTING SITES IN HAYS & TRAVIS COUNTIES

Below is a list of medical facilities in Hays County where testing for COVID-19 is taking place. Most of the facilities below are not drive-up/drive-thru testing sites, although a few sites offer that service.

If you are a patient at one of the facilities listed below, your physician will be able to assist you with a health screening and may recommend a COVID-19 test based on that assessment.

To receive a health screening, please contact your primary care physician or call the Hays County COVID-19 Hotline at (512) 393-5525 between 8 am - 3 pm (closed from 12-1 pm) Monday through Friday. Spanish speakers will be available.

Individuals may be able to be tested without showing symptoms.

Additional information about COVID-19 testing is available [here](#).

### Hays County Sites for COVID-19 Testing:

NOTE: this list is current as of August 25 and is subject to change; it does not include private physicians or practices that may also offer testing to their patients.
