July 25, 2019

Dear Members of the Dripping Springs ISD Family,

“Change is an opportunity to do something amazing.” George Couros

The only certainty in life is change. It is with mixed emotions that I share I have been named as the Lone Finalist in the superintendent search for Leander ISD.

As my family and I prepare to make the transition to Leander ISD, I reflect on the time I have spent in Dripping Springs. From the moment we arrived in February 2012, we were warmly welcomed and made to feel a part of the Mighty Tiger Nation. So many exciting things have happened in the past seven and a half years, from the planning and construction of Sycamore Springs Elementary and Middle School to our second place finish in the UIL Lone Star Cup and so much in between. We have watched in awe as our staff and students have accomplished incredible feats. We have made many friends and had experiences we will never forget. We thank you from the bottom of our hearts for your love and support.

We will miss you dearly but know that, like us, you will take advantage of this change to do something amazing.

Sincerely,

Bruce and Aldine Gearing
